

## INSTRUCTIONS FOR INSTALLING JUSTICEPATH TO AN IPHONE

1. Click the App Store button on your iPhone

2. Click the search tab in the App Store and search for JusticePath

3. Install the JusticePath Mobile Application (its free).

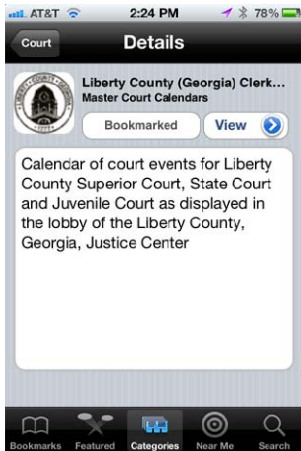

4. Once Installed, run JusticePath Mobile. Click the "Categories" Tab and drill navigate to Liberty County by Choosing "Government->Courts->Liberty County (Georgia)"

5. The user has two choices. They can view the display by clicking "View" or they can click "Add Bookmark". Clicking "Add Bookmark" add the display to the "Bookmarks" tab which is displayed

when the app is loaded. I recommend adding a bookmark for easy access.

6. This is a screenshot of the bookmarks tab, and Liberty now appears since I bookmarked it. I can now view the Liberty display by tapping the bookmark:
