

**Citizens of Liberty County, Please beware of a Jury Selection Scam.** The caller will say, "I'm calling from the sheriff's department or the police department to let you know that you missed jury selection and there will be a warrant issued for your arrest unless you pay a fine with a prepaid debt card. The caller will tell you that you have until a certain call back time to pay.

The Clerk of Superior and State Court handles jury selection for Liberty County and our office will **Never call you to request monies** over the phone and **no warrant is ever issued** for failing to report for **Jury Selection**. We post all scheduled jury selection dates on our website as soon as possible for the whole year. Please visit our website at: [www.libertyco.com](http://www.libertyco.com) and click on the top tab "jury information" then click the far left tab "check jury trial status".

If you ever fail to appear on a summons for jury selection this is what will happen:

1. We send an absentee list to the Sheriff's Department and a Deputy will either call you or go to your residence to remind you that you need to report for jury selection.
2. **If you still fail to report** you will be mailed a notice to report before the court to show cause to the Judge why you failed to report on a summons for jury selection. At the time you appear before the Judge it's his discretion rather to hold you in contempt, fine you or give you time in jail for failing to appear.

If you have any questions, please don't hesitate to contact my office.

Thank you,  
Linda Dixon Thompson,  
Clerk of Superior, State, Juvenile and Magistrate Court,  
Liberty County  
Ph. No: 876-3625
